

PeeWee V Diaper Scale

The PeeWee V digital scale offers repeatable accurate weight and one gram resolution. Compact design and battery operation enhance its portability and storage. The PeeWee V is the ideal I & O scale for the NICU, Nursery and Labor and Delivery. The sterilizable bowl is designed to reduce cross contamination. A mode switch allows the clinician to select Troy Ounce, Penny Weight, Ounce and Gram Weight. A built in manual calibration procedure is included.

Featuring the Following:

- * Capacity: 2000 Grams
Accuracy: ± 2 Grams
- * Size: (Base) 8 1/2" x 5 3/4" x 1 1/2"
(Weighing Bowl) 5 1/2 " x 6" x 1"
- * Weight: 1 Pound
- * Full Range Tare
- * Powered by Battery (9V)
or AC Adaptor
- * Automatic Shut Off
