

Ameritus SpO₂ Sensors Reusable Adult and Pediatric Sizes

Accurate, Compatible and Cost Effective

High quality sensors from a single source supplier
for all your conventional pulse oximetry needs

Ameritus SpO₂ Sensors

Reusable Adult and Pediatric Sizes

A Variety of Styles to Fit Your Clinical Application

Comfort, Performance and Durability

- **Soft Sensor** is made of easy to clean, durable silicone and conforms comfortably to various finger sizes. Ideal for EMS, ICU and other demanding clinical applications
- **Finger Clip** is shielded to minimize ambient light and features a 4-way segmented strain relief at sensor and connector for longer life. Soft padding gently grips finger for increased comfort and sensor stability
- **Flexi-Site** offers application site options and a choice of adhesive or non-adhesive foam wrap for securing to patient
- Ameritus sensors are manufactured under an ISO and CE certified quality system
- Latex Free and DEHP Free
- Made in the USA
