SERVICE PROGRAM

FETAL TRANSDUCERS

ULTRASOUND & TOCO

Ameritus: Your Service Solution

When turnaround time, cost, and quality matter

Remanufacturing services are provided for HP/Philips®, GE/Corometrics® and compatible models. Only new parts are used for repairs. Before returning the items back to our customers, every transducer is tested on an OEM monitor. Quality service is guaranteed!

Services include a complete overhaul and crystal replacements as needed. Please contact your Sales Representative or our Customer Service Department for additional information.

*All remanufactured transducers are warranted for six (6) months against defects in material or workmanship.
